

Inspiring Minds Undergraduate Internship Proposal Suggestions

Introduction

Please provide a brief overview of your proposed internship, a few paragraphs outlining why you want to intern with Inspiring Minds. Tell us about yourself. Use specific details to illustrate how your academic knowledge and prior experience (if any) will play a role in your position with us.

Goals and Objective

Explain what you want to do during the internship. Describe what you want to learn and achieve. You can write this in paragraph form or use bullet points to highlight the specific things you want to accomplish. Based on what you've described in the introduction about Inspiring Minds, how will this internship be mutually beneficial to you and the organization, the students we serve and/or the volunteers we support.

Internship Parameters

Outline your institution of higher education's requirements for internships, if any. Is there a specific learning objective? Is there a specific time frame? Are there a certain number of hours you must complete? Are there any restrictions, such as you must work with children for a specific amount of time?

Student Responsibilities

This outlines the exact requirements from your institute of higher education: reporting, paper requirements, timelines, etc. Please attach any documents provided by your institute of higher education.

Method of Evaluation

If you are receiving credit for this internship, tell us how you will be graded to receive credit.

Summary

Please provide brief summary of how the internship will benefit you and why we should accept you as an Inspiring Minds Intern.

To be considered, please email your internship proposal and a resume to:
